

Medicaid Anesthesia Rates

Current Medicaid rate in Utah:	\$18.27
--------------------------------	---------

Average of Surrounding States:	\$ 24.47
--------------------------------	----------

Montana	\$28.66
Arizona	\$27.70
Wyoming	\$27.04
Nevada	\$22.57
Colorado	\$20.57
New Mexico	\$18.43

An Increase of 30% would be 23.75, still below the surrounding state average

- Anesthesiologists have no ability to choose who their patients are. They must see whoever enters the operating room.
- Other physicians have the ability to choose who or how many patients they will provide services to.

asdf

Current Medicaid rate is \$18.27 and Medicare is 22.61. Surrounding states average ranges from 24.16-24.47 depending on if you throw out high and low. Idaho does it weird so they aren't included.

Wyoming 27.04

Arizona 27.70

Nevada 22.57

New Mexico 18.43

Colorado 20.57

Montana 28.66

If you do the average of the amounts above it is 24.16 if you drop high and low it is 24.47. A 30% bump would be 23.75 still below average does this make sense? I am happy to come chat about it.
